HOOVER SIGNS LONDON NAVY TREATY MACDONALD HEARING SET FOR TUESDAY

'ROUND 'N' 'ROUND

This business of endurance contests has reached the height of silliness.

In Oakland a boy has been sitting in a tree almost one hundred hours.

In the east another boy has been tree sitting for more than 300 hours.

What a wonderful way of amusing oneself—and what a wonderful way to get publicity.

What some people wouldn't do for publicity. It used to be politicians and movie stars who did absurd things so their name would appear in the newspapers.

Now it seems that the entire United States, including the children, is publicity mad.

In this airplane endurance contest, O'Brien and Jackson the two men who set a record last year, recently went aloft at St. Louis, Mo., in an attempt to bring back the championship.

In the meantime the Hunter Brothers, who set a new record at Chicago, are in Los Angeles, ready to reap the reward for their flight.

How we love these women who "gush" all over the landscape.

Our pet peeve is one who terms everything "just lovely" and tells the world how much she is in love with her neighboring housewife.

All Richmond is anxiously waiting the awarding of the Ford Motor company contract.

With the construction of the new assembly plant, it will mean a new era in the city of Richmond.

Governor Young At Martinez

Governor C. C. Young last night carried his campaign for re-election into Contra Costa county, making a campaign speech before hundreds of people in Martinez.

The governor was met at the Contra Costa county line at El Cerrito by a large caravan which accompanied him to the county seat.

T. H. DeLap, Richmond attorney, lead the delegation which welcomed the governor.

Dr. C. L. Abbott, also of Richmond, presided over the meeting last night and District Attorney A. B. Tinning presented the governor.

A large number of Richmond persons were present from Richmond.

Hunter Brothers Welcomed In L. A.

LOS ANGELES, July 22.—The Hunter brothers who set a new world's record for endurance flying, were welcomed to Los Angeles today.

Mayor John C. Porter and other city officials were on hand to welcome the fliers, who spoke briefly.

West Virginia Wins Gun Championship

SAN PEDRO, July 22.—The battle ship West Virginia again was awarded the gunnery championship of the Pacific fleet.

The West Virginia made a perfect series of hits in target practice off the coast during the annual maneuvers of the fleet.

Bar In Baggage Car Is Raided

HELENA, Mont., July 22.—A quantity of beer and liquor and a complete bar were seized by prohibition agents when they raided a railway baggage car today.

The car was raided at Lewistown during a lodge convention. The alleged bar-keeper is under arrest.

Mr. and Mrs.

JOHN HUNTER, one of the Hunter Brothers who shattered the endurance record, is shown with his bride whom he married secretly before the flight.

New Cottage Will Be Built In Richmond

Another new cottage will be constructed in Richmond, according to an announcement made from the offices of City Building Inspector A. J. Hurley yesterday.

N. E. Anderson received a permit from Hurley to erect a five-room cottage and garage on Clinton avenue between McLaughlin and Lassen avenues. The home will cost \$4,000 and the owner will do the work.

A permit to build a garage and tank tower was received by D. A. Watson. The buildings will be erected on Cutting boulevard between Twentieth and Twenty-first streets at a cost of \$100.

New Schrader Store Nearly Completed

Construction of the new Schrader Furniture store at Macdonald and Twenty-fifth street is rapidly nearing completion.

The new building will be ready for occupancy on or about August 1.

The plastering of the building has been completed and work was started yesterday on installing the plate glass in the windows.

The new store building is one of the most modern of its kind in Richmond.

The Schrader company, which will occupy the new establishment, is a pioneer Richmond furniture company.

Royston Rites To Be Held In S. F. Today

Howard L. Royston, age 33, will be laid to rest in the family plot in Cypress Lawn cemetery, San Francisco this afternoon. Funeral services are to be held in the Cypress Lawn chapel at 2:30 o'clock and will be for members of the family and intimate friends only.

Members of the American Legion and Veterans of Foreign Wars who were intimate friends of Royston will serve as pall bearers.

Royston served with the Twenty-first regiment of Engineers in France. He was cited three times and was decorated for bravery by the French government.

DECISION TO BE GIVEN SOON

SAN FRANCISCO, July 22.—UP—There were five swift developments as friends of Warren K. Billings and Tom Mooney climaxed today, the fourteenth anniversary of the Preparedness Day explosion that killed ten persons, their most determined drive to gain freedom for the two men.

Attorneys for Mooney and Billings, who are serving life terms on charges of perpetrating the bomb tragedy, scored one victory and received one reverse during the day.

They gained an announcement from the state supreme court that the new hearing on Billings' plea for pardon would be started in a week and failed to persuade Governor C. C. Young to hold his investigation before the supreme court takes up the matter.

The supreme court must rule on Billings' eligibility for a pardon since he has been convicted twice. Mooney's fate rests with the governor, who may ask the state advisory pardon board to help him in reaching a decision.

The latest campaign to free Mooney and Billings has been based on the return to San Francisco of John Macdonald, a prosecution witness in their trials, with the avowed intention of personally proving to authorities the truth of his recent affidavit that his test (Continued on page 2)

Children Unite Father, Mother

SAN FRANCISCO, July 22.—UP—Sonny Nicholas, aged three, and his sister Dorothea, aged two, were credited today with having considerable to do with effecting a reconciliation between their father and mother. The mother, Mrs. Edith Nicholas, had filed suit for divorce from Gus Nicholas, but today she appeared in court with her two children and requested that the suit be dropped as she and her husband were "together again."

Grand Master Of Masons Will Be Honored Here

Under the auspices of the McKinley Masonic lodge, a reception will be held in the Masonic hall tomorrow night in honor of Charles Wallenberg of San Francisco, and grand master of Masonic lodges.

Wallenberg will be accompanied by Thomas Baker, grand inspector.

Hetch Hetchy Work Will Be Delayed

SAN FRANCISCO, July 22.—UP—Work on the Hetch Hetchy water project will be delayed until every possible safety device is installed, the board of supervisors decided here today as a precaution against further explosions in the underground tunnels similar to those that have killed 19 men in the last two months.

The board decided work should be held up even if it requires six months to install the safety appliances.

CARQUEINEZ ARRIVALS

Arrivals at the Hotel Carqueinez yesterday included Mr. and Mrs. F. Heozog, of Hollywood; W. C. Watson and family, of Santa Rosa; P. W. Doane, Fresno; J. R. Anderson, Fresno; A. C. Low, San Francisco, and E. R. Church, San Francisco.

On Stage

JANE AUBERT, French actress, plans to return to the stage to continue her career which was halted by her marriage.

ONE DEAD IN WIND STORM

NEW BRUNSWICK, N. J., July 22.—UP—A terrific wind and rain storm which struck New Brunswick shortly before 6 o'clock tonight demolished a two-story frame residence taking the life of one of its occupants and causing injuries to seven others.

All eight occupants of the house were buried in the debris after the structure collapsed. The dead woman, Mrs. Marianna Vennicassa, 40, was found pinned beneath a pile of chimney bricks.

Mrs. Vennicassa lived in the house with Mr. and Mrs. Caesar Sacco. She was on the first floor with Mrs. Sacco and the latter's son and daughter-in-law, Mr. and Mrs. Peter Sacco, when the storm broke. On the second floor were Mr. and Mrs. Ralph Guzzi and their two children, Joseph 2 and Anna, 4.

All were taken to Middlesex general hospital, where they were given treatment for cuts and scratches.

Flying glass and bits of debris were carried a block away from the demolished house by the strong wind. Concetta Solaceo, 5, who was in the street a short distance from the Sacco home, was struck by a piece of wood and painfully injured.

The wind tore the roof off the house of Dominick Mupo, carrying it across the street where it smashed down a telephone pole.

Woman Attacker Hunted By Police

SAN FRANCISCO, July 22.—UP—A man who forced his way into the home of Mrs. Frank Singree, 40, here today and began to tear her clothes was sought by police tonight.

Mrs. Singree told police she had opened her door when the bell rang and was rudely grabbed by the man, who appeared to be about 25 years old. He screamed and fought, scaring him away.

Rotarians Return From Convention

W. T. Helms, secretary of the Richmond Rotary club and H. A. Johnston, past president, have returned from a Rotary convention at Santa Cruz over the past weekend. Johnston represented George N. Rooker, president of the club.

MARRIAGE LICENSE

George S. Pinney, 21, and Lois Bollinger, 20, both of Richmond, applied for a marriage license in Oakland recently.

MANY TAKEN FROM WATER INJURED

COBLENZ, Germany, July 23.—Wednesday.—UP—Many were drowned when a temporary pontoon bridge across the Coblenz harbor to a float splintered under, throwing more than 100 participants in the joyous Rhineland liberation celebrations into the swiftly flowing Rhine river.

Thirty-eight bodies had been recovered it was officially announced with others missing in the dark current. It was feared many more lost their lives.

The disaster occurred at the termination of the festivities and the illumination of Ehrenstein, dismantled old fortress guarding the Reich's Rhineland border.

Bridge Falls

The crowd, returning home, jammed the iron bridge. It collapsed.

Police, rushing to aid the howling, shrieking mass thrown into the water, rescued many.

The tragedy threw a pall over the gay, laughing holiday throng which all day had waved flags and sang peace hymns as President Paul Von Hindenburg visited Coblenz on his tour of the liberated Rhineland.

Members of the fire department in charge of the rescue work said they were unable so far to estimate the full casualties, but they feared many more bodies would be found.

Many Hurt

They searched the river below the bridge with searchlights, sweeping the broad stream and scurrying across it in boats, looking for swimmers or floating bodies.

Officials said the bridge, which was iron, collapsed under the weight of the crowd.

Many of those rescued had been severely injured.

4 EXECUTED FOR SLAYING

TRENTON, N. J., July 22.—UP—Four convicted murderers went to their death in the electric chair at the state prison tonight, paying with their lives for the killing of a cashier in a car barn holdup that netted \$3,000 in loot.

The first of the four to die was Victor Giampietro, who until the last minute had hoped for a reprieve on the strength of evidence he had given in apprehending his fellow-banquets.

Work On Air Base At Alameda Will Be Started Soon

SAN FRANCISCO, July 22.—Start of construction of the west coast air base at Alameda which will cost more than \$4,000,000 is seen at an early date, as the result of dispatches received here today.

The base will make the eastbay the largest aviation center in the world, it was said.

Ball Player's Car Recovered Here

An automobile, the property of Joe McLean, utility man for the Oakland baseball club which was stolen in Oakland Monday night was recovered yesterday by Richmond police at the foot of South Thirty-seventh street.

According to police, the tires, rims and all movable objects had been taken from the machine.

FRED MASS HERE

Fred Mass, formerly of Richmond, was in this city today to visit friends and attend the funeral of Bert Curry.

WEATHER

Fair and mild today and tomorrow; fog in the early morning; moderate to fresh west winds.

Will Wed

MRS. CAROLINE H. STOLTENWERCK, Baltimore widow, is soon to become the bride of Lamont Du Pont.

ITALY HIT BY QUAKE

NAPLES, July 23 (Wednesday).—UP—A disastrous earthquake rocked Naples and a wide strip of central and southern Italy early today.

Naples bore the brunt of it, but damage elsewhere was great.

The first checkup here showed 10 dead and 100 injured. In smaller towns and hamlets also reports were beginning to come in of deaths throughout the area.

Few reports of fatalities were specific, two at Oscoto, three at Buonaibergo, "several" at half a dozen points "many" at others.

Towns Dark

All were tentative estimates. The quake threw towns into darkness, disrupted telephone and telegraph communications and hampered railroads. All authorities could do during the long night was to conduct an inadequate search in damaged or ruined buildings for bodies.

Reports at 5 a. m. when communication was restored with Rome and some other points revealed that part of central Italy and all of southern Italy from Rome to Catania were rocked by the quake.

Town Destroyed

One of the first reports to come in at this hour was that Belfi, in the province of Potenza, with a population of 12,000 had been almost destroyed. Casualties were unknown, these reports said.

Like the others it was an incomplete one, and not specific.

The center of the quake seemed to have been at Visciano, 22 1/2 miles northeast of Naples. At first it had been reported southeast of Naples.

Wild Storm

There had been angry rumblings before the shock, thunder and lightning, sufficient to frighten the more timid.

Then at 1:06 a. m., as registered here—came the first great shock. Two more followed. Buildings rocked, electric light cables and telephone wires broke and the entire territory was sent into darkness.

It seemed at first that Naples, with a population of 757,000 was hardest hit. In numbers it may have been but as reports came in from other points they were more grave.

Two Killed In Engine Explosion

SCRANTON, Pa., July 22.—John Lynch and Ray Whitman, engineer and fireman respectively on the Lackawanna Limited, were killed today when the "puller" engine exploded at Lehigh summit.

The case was continued until July 24 for pleading.

BRITAIN TO RATIFY PACT

WASHINGTON, July 22.—UP—Ratification by the United States of the London naval reduction and limitation treaty was completed today with the signature of President Hoover, who praised it as a "further long step toward lifting the burden of militarism from the backs of mankind."

Ratification by Great Britain and Japan, expected to come more quickly than this country's and deposit of the ratifications with the original treaty in London, probably will make the document effective in a few weeks or months.

Thereafter, under American law, the president will formally proclaim it to the country.

Only the approval of the five British dominions are awaited by Britain, it is understood, before the document will be submitted to the House of Commons. The treaty is now before the Japanese cabinet and is expected soon to be acted upon finally by the Privy council in the name of the emperor.

Hoover Signs

Hoover affixed his signature twice to special ratification certificates prepared by the state department today, after the senate formally reported to the White House its action of yesterday in adopting the Borah resolution of ratification. He signed with a fine (Continued on page 2)

PLANE FERRY FOR BERKELEY

BERKELEY, July 22.—With the authorization by the Berkeley city council of a lease of the old municipal wharf to the Capelis Aircraft company of El Cerrito, it was today announced that Berkeley will have an air ferry operating between that city and San Francisco on a 40 minute schedule.

The company will pay \$100 a month to rent the city and \$25 a month to Tony Alameda, who holds a lease on the property.

According to the announcement, the air corporation will put up \$100,000 bond to carry out the contract, which provides the ferry must be in operation 120 days after the lease is signed. There was only one bidder for the wharf lease.

Archduke Given Freedom On Bail

NEW YORK, July 22.—Archduke Leopold of Austria was released on \$7500 bail on charges of larceny growing out of the sale of the Napoleonic necklace owned by his imperial aunt.

When the Archduke was released he told authorities that a certain attorney had visited him and promised to free him through influence with the District Attorney.

Phelan Reported Much Improved

James D. Phelan, former United States senator, who has been ill for some time at his country home near Saratoga was "unusually bright" yesterday, although his physician, Dr. J. Don Ball reported his condition was still serious.

Slayer Of Police Officer Tried

SAN FRANCISCO, July 22.—Edward Gorman, who is charged with the slaying of Patrolman John W. Malcom, was arraigned here today in the court of Superior Judge J. J. Trabucco.

The case was continued until July 24 for pleading.

RICHMOND ELKS WILL MEET S. F. NINE

A snappy outfit will be placed on the first street diamond Sunday afternoon by the Richmond Elks when they tangle in the Elks league opened with the baseball aggregation from the San Francisco lodge.

A great squad of local ball players has been rounded up for this year's league by George Shaw, manager of the Richmond Elks nine. George has an eye on the northern California Elks league title which just barely slipped from his grasp in last year's finale, and he has consequently accumulated one of the prettiest lineups to decorate a local diamond in many moons.

The local chucking staff consists of Peacock, B'iss, "Dutch" Kogler, "Lefty" Brendel and Jiggs Wright. Bertoli will receive Harry Bonham will supervise first base, while the other infield positions will be guarded by Pat O'Rourke, Carson, Zimmerman and Huxefka. The local outfield will include Bunny Muth, Banducci, Ray Moore and Red Johnson.

The Richmond nine will receive a hard test in its first contest Sunday. The San Franciscans are being coached by Bill Cunningham, who used to inhabit local diamonds many years ago and later played with the New York Giants.

Baer will twirl for San Francisco Sunday, with Bill Byrnes receiving. The infield will include Tom Tennant, first base; Mervin Murphy, second base; Vernassi, shortstop, and Sam Markel, third base. The outfielders for San Francisco are Marselli, Baldacci and Cunningham.

Sunday's contest will begin at 2:30 o'clock at First street. Officials of both the Richmond and San Francisco lodges will officiate at the opening ceremonies.

Death Valley Scotty Owns Ball Team

TONOPAH, Nev., July 22.—UP—Baseball has become "Death Valley" Scotty's latest device to gain prominence.

"Death Valley" Scotty, whose many exploits have gained wide publicity, has organized his own baseball club and will send it against the Tonopah Merckers in its first game next Sunday.

It is rumored that Scotty will personally direct his aggregation. He has called the "Mystery Boys," and will hand out a one hundred dollar bill to each of his players making a home run.

"I'm starting with raw recruits from my employes but before I'm through I'll have the greatest ball twirlers and home runners in the world," he said.

Oaks Beaten By Seals In First Game

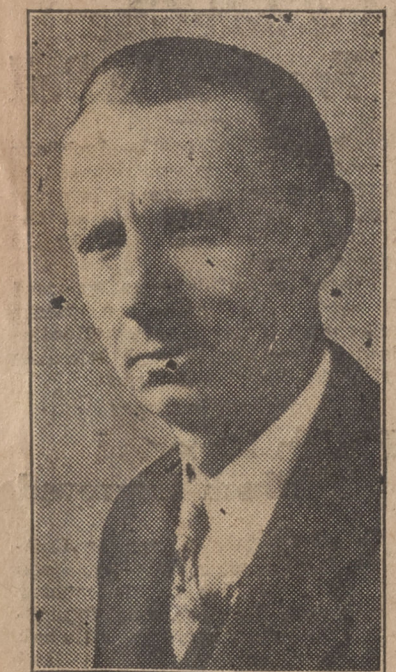

SAN FRANCISCO, July 22.—UP—The San Francisco Seals defeated Oakland 6 to 5, in the series opener here today, breaking a tie in the last of the ninth when Pinelli's double scored Crosetti from first. The Oaks had made one run in each of the last five innings.

Portland Beavers Defeat Missions

PORTLAND, Ore., July 22.—Portland's Beavers trounced the Mission team 12 to 2 here tonight. It was the inaugural night game for Portland, and was marred somewhat by six errors.

Legion Nine To Meet San Jose At Oakland

The Richmond American Legion nine will oppose the San Jose American Leg on youngsters Saturday morning at 11:30 o'clock in an exhibition game at the Oakland Coast League ball park.

Although edged out of a chance to capture the district championship, the local boys are still going strong, and are expected to give the San Jose athletes plenty of hard work Saturday morning.

Reno Fassoni, six-footer, will chuck for Richmond, while Chris Santaella will receive.

The local squad is being coached by "Chick" Autry and Robert San Miguel.

Seattle Takes Win From Stars

SEATTLE, July 22.—UP—A four run rally in the eighth gave the Seattle Indians a 5 to 4 victory over the Hollywood in the first night game here tonight.

The Stars had been leading, 4 to 1, until the last of the eighth when Shellenback was pounded out of the box and Wetzel replaced him. Both teams played cautiously since they were not well acquainted with the lighting arrangement.

Barrel House To Meet Mechanics

The league-leading Barrel House will open this week's Standard Oil league competition this afternoon when it goes into action against the Mechanics.

The Mechanics are at present bringing up the rear in the league standing, but may always be reckoned upon to hand their opponents plenty of fast competition.

FORESTS HIT BY CIRCUIT RIDER 304 FIRES IN 6 MONTHS

PORTLAND, July 22.—UP—Since January 1 of this year there have been 304 forest fires in national forests in the Pacific Northwest.

Of this number, 288 have occurred within the past ten days, according to a report issued today by Major John D. Guthrie, in charge of public relations for the U. S. Forest Service.

According to Guthrie's report, July 12 was the worst day in the history of the office for lightning fires. A check of ranger stations showed that on that day 240 fires were started in Oregon and Washington, attributed to lightning.

Since the first of the year, almost 10,000 acres of government lands have been burned, according to Guthrie's report, and practically all of these lands were good timber.

Stimson Will Review Cavalry

WASHINGTON, July 22.—A troop of C. M. T. C. cavalry will be reviewed by Secretary of State Stimson tomorrow at Fort Meyer, Va. Twenty years ago Stimson was secretary of war.

Stimson will review the 300 C. M. T. C. cadets at the end of the training period.

HOOVER SIGNS LONDON NAVY TREATY

(Continued From Page 1)

gold pen used by Secretary of State Stimson in signing the treaty originally at London. Today Stimson stood by his side in the ornate east room of the White House and attested his signature.

Earlier, Hoover spoke more eloquently to the press concerning his great hopes for the treaty after expressing satisfaction over "the united support of both our political parties."

"With the ratification by the other governments," he said, "the treaty will translate an emotion deep in the hearts of millions of men and women into a practical fact of government and international relations."

New Faith

"It will renew again the faith of the world in the moral forces of good will and patient negotiation as against the blind forces of suspicion and competitive armament."

"It will secure the full defense of the United States."

"It will mark a further long step toward lifting the burden of militarism from the backs of mankind and to speed the March forward of world peace."

Treaty Eack

Tonight the treaty was back in the state department archives. One signed and certified copy of the instrument of ratification will be sent soon to the British foreign office for deposit.

Another naval battle, possibly of larger proportions than the one just concluded over the treaty, is foreseen in December, when navy advocates press for large appropriations to build up the cruiser fleet as fast as the treaty allows. Some senators have served notice they will oppose such large sums, but it is expected the navy will formally ask for some new appropriation for this purpose.

VALLEJO BOY HUNTED IN ALASKA

CORDOVA, Alaska, July 22.—Hopes of more than 200 searchers that they would find Robert Browning, Vallejo, Calif., youth alive, were lowered today when a terrific rainstorm hit this vicinity. He has been missing since Thursday.

Eagles congregating in the northern area have been eagerly watched by the searchers, who believe that the birds may indicate the location of the body.

Browning, nephew of Lee C. Pratt, forestry official with whom he was visiting, said he was going target shooting when he left Thursday.

Study Of Bay Bridge Started

State Traffic Officer Saves Woman's Life

SACRAMENTO, July 21.—Training in first aid given to members of the California highway patrol has already resulted in saving one life it was announced here today.

Mrs. Helen Emrie, wife of a trainer at Agua Caliente stables, is alive because Officer Cliff Reed of the San Diego squad knew how to keep her from bleeding to death after her jugular vein had been severed in an automobile accident near Chula Vista.

One of the first to arrive on the scene, Officer Reed gathered the spouting vein between his fingers and pressed until he stopped the blood. He held the severed vein while Mrs. Emrie was lifted into an ambulance and a six-mile race was made to Paradise valley sanitarium where it was said she has an even chance for recovery.

Without this knowledge of first aid, the woman would most certainly have perished in the opinion of Dr. A. D. Butterfield who treated her.

First aid is a part of the regular course of instruction at the highway patrol school at Sacramento. Every officer attending the school is required to master it.

RACE RIOTING THREAT HERE ENDED

SANTA ROSA, July 22.—UP—With a final barrage of rotten apples the storm of anti-Filipino sentiment in the Sebastopol sector died away today, leaving the white ranch workers in full possession of the field.

Sheriff Douglas Bills reported that he had withdrawn his armed deputies from the various orchards and that he anticipated no more disturbances.

The majority of Filipino ranch workers in the district had been repatriated for the safer environs of San Francisco, allowing the whites to be unopposed by the whites, who had previously delivered an ultimatum to the Filipinos, warning them to leave.

Believed Safe

The few Filipinos who remained were believed to be safe from molestation by the whites, despite the asserted grievance of the latter who protest that the Filipinos, working for 20 cents per hour instead of the current wage of 35 cents, deprive them of a livelihood.

The sheriff was hastily routed from his slumbers early today by a telephone call that a riot was in progress on the Valentine tannery, center of a previous disturbance. Upon arrival at the scene, with a handful of deputies, he found that the "riot" consisted merely of the bombardment of three Filipinos with rotten apples by passing motorists who had apparently derived considerable amusement from their agricultural travesty on gangster tactics.

Aside from that incident all appeared quiet in the apple district here.

All Quiet

Neither were there any reports of disturbances from Sutter and Yuba counties, further north, where white labor agitators were reported yesterday to be attempting to organize the laborers to conduct a concerted assault against their competitors.

When first signs of dispute appeared, two days ago, and it was rumored that Filipinos were attempting to purchase firearms and cartridges, Sheriff Bills stated that no such tactics would be condoned, and he immediately threw a large force of officers into the district to preserve peace.

Prompt action by the Sheriff evidently prevented bloodshed, although three shots were fired during one melee between the workers of the two races.

Six Americans Isolated In War Torn China City

PEIPING, July 22.—Members of the American legation announced tonight that renewed efforts are being made to communicate with six Americans isolated in the besieged town of Pochow, 100 miles southwest of Hankow.

The group of Americans have been in the war-torn city for two months under constant bombardment by government troops. Previous efforts to get in touch with them have failed.

DECISION ON MOONEY CASE SEEN SOON

(Continued From Page 1)

timony at that time was perjured. Pleas that the supreme court and the governor hear MacDonald's new story at the earliest possible moment have been insisted because it is the contention of MacDonald's attorneys that he is ill and breaking under the strain of the excitement he has created.

MacDonald, who was located in Baltimore two weeks ago, was received by Governor Young this morning but did not make a single remark the entire time he was in the executive's office. All questions concerning him were directed at his attorneys, Hilary Gans and Charles Ruzicka of Baltimore, and Mooney's chief counsel, Frank P. Walsh of New York.

Private Meeting

The opening development of the day was a private meeting between Governor Young and Chief Justice William H. Waste of the supreme court, in which the court was asked to hear MacDonald's story first.

Then MacDonald was taken to the governor's office. During the conference it was evident that MacDonald's attorneys and Walsh were attempting to swerve the executive from his decision that he would not hear MacDonald's story until after the supreme court hearing.

Governor Young issued a statement regarding the conference in which he said he had arranged with the court for an early hearing.

"In view of this early hearing, I felt it expedient to personally enter upon an examination of MacDonald at this time, relying upon the assurance of the court that the hearing held by them would be open, complete and fair, to all parties concerned in this very important investigation," he said.

Conference Held

Following this MacDonald's attorneys and Walsh conferred with Justice Waste and he then made his announcement, which said: "In accordance with a statement issued yesterday by the supreme court (in which it was stated the seven justices had unanimously voted to accept Billings' petition for rehearing as a new application for pardon), justices will grant MacDonald an opportunity to tell his story, with equal opportunity for attorneys for the prosecution and the present attorneys for the defense to be heard."

Owing to the fact that two consultation days are to be held this week with a Sunday intervening, the court has fixed Tuesday, July 29, as the date for the MacDonald hearing.

Since the supreme court early this month completed a full resume of all circumstances surrounding the Mooney-Billings case before recommending against a pardon for Billings, it is expected that it will require a shorter time to reach an opinion after hearing MacDonald than was needed on the original petition.

24 Hour Service For Local Bank

The Mechanics bank at Ninth street and Macdonald avenue and in El Cerrito, has announced installation of a 24 hour service for the convenience and protection of its patrons.

The system is to enable patrons who can not come to the bank during the day, to have some place to deposit large sums of money over night.

In the new system, the depositor received a numbered bag into which he places his deposit with triplicate slip, afterwards locking the bag. The bag is dropped down a chute which has entrance into the outer wall of the bank. Entrance is gained by unlocking a door, which automatically closes the chute while the bag is being deposited.

The depositor mails one of the triplicate slips and next days goes to the bank and claims his bag, making the deposit.

FOUR NEW SERIES OF STRAIGHT EIGHTS ... VALVE-IN-HEAD, OF COURSE ... NEW SYNCRO-MESH TRANSMISSION*

One of Buick's four new series—with new Valve-in-Head Straight Eight Engines and new Insulated Bodies by Fisher—is priced \$200 lower than last year's Buick six. It is the world's lowest priced Valve-in-Head Straight Eight!

Buick, winner of more than twice as many buyers as any other maker of fine cars, will soon present the most brilliant creations in Buick's twenty-seven years of fine car building.

Four series of Straight Eights providing twenty luxurious models! With masterly new engines—all Valve-in-Head, all Straight Eights—revealing performance far surpassing even the finest previous Buicks! With new Syncro-Mesh Transmissions* assuring the highest degree of smooth, silent, non-clash gear-shifting! With new Insulated Bodies by Fisher endowed with characteristic Buick beauty and protected, like a fine home, against heat, cold and noise! Together with a host of other important improvements!

Buick is building Eights exclusively! The Eight as Buick Builds It is fundamentally a better engine. The entire chassis reveals increased size and strength to conform with the increased power of the new engines.

You are familiar with Buick's twenty-seven year record of leadership. . . . You have hoped for greater goodness and greater value in straight eight manufacture. . . . Await The Eight as Buick Builds It!

Song Hits In Whiteman Film At California

No setting has ever been more romantic than beautiful Old Mexico. Colorful Monterey, with its graceful palms, its golden stars, its velvet skies and its languorous nights. And it is in this setting that John Boles, the "golden voice of the screen," sings the latest Spanish songs by Mabel Wayne, famous for her "Ramona" and "In a Little Spanish Town," in Universal's spectacular extravaganza, "King of Jazz," which opens tomorrow at the Fox-California theater.

Boles has attained his tremendous popularity in romantic settings such as this; in "The Desert Song," "Rio Rita" and "Song of the West," "Captain of the Guard," in all of which pictures he has portrayed the singing, romantic lover. In "It Happened in Monterey" both the romance of Boles's marvelous voice and the romance of Old Mexico is blended with the magic touch of John Murray Anderson, famous producer of musical shows, who directed the film for Carl Laemmle, Jr.

The feminine interest is supplied by beautiful Jeanette Loff, whose dancing and singing ability, in addition to her histrionic charm, won her a long term contract with Universal for her work in the picture. Besides Boles and Miss Loff there are in the number the piquant sisters "G" the dance sensation of

BYRD FILM AT FOX HAS THRILLS

The daring flight of Rear Admiral Richard E. Byrd across the South Pole is only one of the feats of daring and heroism captured by the Paramount cameraman who brought "With Byrd at the South Pole," a thrilling picture of adventure to the United States. The feature film, which will show at the Fox-California theater for the last times tonight, is a continuous drama, filled with adventure, humor, thrills and romance.

Never before has such a colorful pictorial record been spread on the screen. More than 30 miles of film were required to perfect it. From the moment Rear Admiral Byrd and his intrepid band of explorers landed in the unknown region at the "bottom of the world" until they started the final trek for home, the life they lead, the sights they saw, the thrills they experienced are in this film for everybody to wonder and marvel at.

Byrd's race to the South Pole was a race against time, the terrific cold and the appalling terrors of the Antarctic winter. For seven weeks the adventurers waited while cloud and fog blanketed the sky. Then came twenty hours of clear weather, and, in this 24-hour, Byrd, with three companions, made the daring flight across the pole and back to the comparatively safe base. They covered a distance of 1680 miles and, during the flight, faced dangers such as few men have lived through.

Even before this thrilling race started, the Byrd men had to win a race against the terrible cold. The plane had to be made ready. Engine oil, always removed at the end of a flight to keep it from congealing in the crankcases, had to be heated to a boiling point in one of the houses. The airplane motors, covered with thick canvas covers, were heated by means of gasoline torches placed under them. It took two hours to bring the engines to the proper degree of heat to take the boiling oil. The temperature was 65 degrees below zero.

When the motors were warmed, a shout was sent for the oil man. Such incidents, exciting and real, are parts of the picture Paramount has captured, "With Byrd at the South Pole." Willard Vanderveer, Paramount cameraman with the expedition, says "It was an amazing experience to live through. Now, when I see it on the screen, it is more amazing than ever."

Also on the program is a talking comedy entitled, "The Stronger Sex."

Europe especially imported from Berlin; George Chiles, New York stage headliner, and the celebrated Russell Markert dancers, whose beautiful foot, tan and ensemble dancing is one of the sensations.

SOUTH SEAS STORY AT THE RICHMOND

Tonight at the Richmond theater, Radio Pictures' dramatic story of the regeneration of a beachcomber in Java, Fiji, comes to a successful close. It is called "Girl of the Port." Reginald Sharland, in the leading male role, makes his debut on the talking screen.

Opposite Sharland is the hoydenish Irish beauty, Sally O'Neil, with an unparellel barrage of dialogue written especially for her by Beaulah Marie Dix, who adapted the screen play from the John Russell short story.

From the time German soldiers armed with flame throwers, go "over the top" in the first reel until the sensational finish depicting Fijian natives in a "fire walking" religious observance, the story grips the interest.

Bert Glendon, youthful Radio Pictures director, directed "Girl of the Port." Leo Tovar, cameraman, is responsible for the unusual photography, while many of the technical effects dealing with Fijian customs and practices, were supervised by Max Haasman, a native of the country.

In the supporting cast are Duke Kahanamoku, world's champion swimmer, Donald Mackenzie, Gerald Barry, Arthur Clayton, Barrie O'Daniels, John Dillon, William Burt, Hugh Crumplin, Renee Macready and others.

Bertram Millhauser, for many years writer, director and associate producer, kept a supervisory eye on the production. Frank Reicher coached the dialogue.

Safe Thrown By Robbers From Window Hits Car

CHARLESTON, S. C. July 22.—A group of robbers last night failed to correctly estimate the strength of their automobile and the weight of a safe they were attempting to blow.

Unable to open the vault, by superhuman effort they pushed the safe to an open second story window, and toppled it over the edge. The heavy piece of steel crashed onto the top of their automobile, stationed beneath the window for a fast get-away, and continued thru the machine to the ground, carrying half the car with it.

The machine and safe were found this morning by employees of the building and the safe was restored intact to its customary place.

School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said:

"One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping."

Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless. It works so easily. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

GERMANY, U. S. SIGNS FILM PACT

PARIS, July 22.—UP—German and American film interests signed a peace pact at noon today under the terms of which the cinema barons of both countries agreed to divide up the world's markets so far as their patents on talking equipment were concerned, among themselves.

The signing of the agreement ended conversations begun five weeks ago during which differences of opinion on the patent rights several times nearly resulted in a breakup of the conference.

The agreement involves corporations practically controlling the talking picture industry of the world, doing hundreds of millions of dollars worth of business annually.

Great Pool

It was regarded as the greatest patents pool since the automobile patent exchange agreement.

Credit for the agreement went to Will Hays, American film arbiter and chairman of the conference, who several times prevented the meetings from coming to an unpleasant and fruitless close. Hays plans to sail tomorrow for the United States on the *Le De France*.

The act means simply this: Producers may now obtain licenses throughout the world under both German and American patents. It provides a free interchange of pictures as well as all makes of licensed apparatus.

Market Divided

The agreement divides the world market between German and American factories. Germany's "split" of the world in which she is to have the right to supply sound films equipment includes Danzig, the Saar, the Memel territory, Austria, Hungary, Switzerland, Czechoslovakia, Holland, the Dutch East Indies, Denmark, Norway, Finland, Yugoslavia, Rumania, and Bulgaria.

Apparatus required in other countries—notably France and the British Isles—will be made in both German and American factories.

The agreement provides for a complete exchange of American and German patents and manufacturing and technical information. A new apparatus to be manufactured shortly will differ in design from the present machinery in order that American films may be shown on German equipment, and vice versa. Hitherto, this has been technically impossible.

SENSIBLE WAY TO LOSE FAT

Start taking Kruschen Salts—that's the common-sense way to reduce—but don't take them with the idea that they possess reducing qualities in themselves. This is what they do—they clean out the impurities in your blood by keeping the bowels, kidneys and liver in splendid working shape and fill you with a vigor and tireless energy you'd most forgotten had existed.

As a result instead of planting yourself in an easy chair every free moment and letting flabby fat accumulate you feel an urge for activity that keeps you moving around doing the things you've always wanted to do and needed to do to keep you in good condition.

Then watch the pounds slide off! Kruschen Salts are the up-to-date Fountain of Youth. Take one half teaspoonful in a glass of hot or cold water tomorrow morning and every morning—they're tasteless that way, and if they don't change your whole idea about reducing, go back and get the small price you paid for them. Get an 85 cent bottle of Kruschen Salts lasts 4 weeks—at Le Moine Drug Co.—or any progressive druggist anywhere in the world.

BABOON BRINGS HURRY CALL TO POLICE

SACRAMENTO, July 22.—Oscar may be the pride and joy of his mother's life, but he is only a baboon to Mr. and Mrs. R. J. Schmidt, 5830 Mendocino, avenue Sacramento.

Mr. and Mrs. Schmidt were returning home from the theater last night when they became aware that someone or something was following them.

Mrs. Schmidt cast apprehensive glances behind her, but failed to discover anything other than a slight shadow which quickly leaped behind—or into—a tree.

Schmidt, a courageous young man stopped in the street and in a stentorian voice asked who was there.

There was no answer, and the couple continued home. Upon arriving at their residence Schmidt was attempting to unlock

Bank Robbed By Three Bandits Of \$100,000

HARTFORD, Wis., July 22.—The First National Bank here was robbed of \$100,000 by three bandits shortly before noon today.

Two customers and four employees were in the bank when the bandits walked in. The leader slugged the cashier, R. W. Barley over the head with the butt of his pistol and then threatened the customers and employees with the gun.

His aids scooped up the money in sacks and the trio fled.

He leaped to her side and was confronted, by what he told police today "was the largest and hairiest thing he had ever seen."

Quickly unlocking the door, he and his wife leaped into their home barring the portal behind them and called the police.

Police upon arriving at the Schmidt residence found Oscar, an extraordinarily large and tame baboon curled up on the front porch asleep.

Husband Pleads Not Guilty To Battery Charge

TALK ON CRIME HEARD BY LIONS

Duncan Matheson, city treasurer of San Francisco and former captain of detectives in that city, was the speaker of the day at a meeting of the Richmond Lion's club yesterday, and gave an interesting account of the attempt of racketeers to locate on the Pacific coast. Ernest Emmerich was chairman of the day and Jack Kay, entertained with songs and monologues. The Lions orchestra also furnished numbers.

It was announced by Clinton Smith that Buron Fitts, candidate for governor will be the speaker at next week's meeting.

DETROIT MAYOR PAPER SUE IN OUSTED BY LINGLE DEATH VOTERS PROBE

DETROIT, July 22.—By the decisive margin of 30,884 votes the Detroit voters today approved the recall of Mayor Charles Bowles. Tabulation of the city's 252 precincts tonight showed 120,862 in favor of the mayor's removal and 39,989 favoring his retention in office.

Under the law Bowles automatically becomes a candidate at the special election which will be held in August.

Today's vote ended one of the most bitter political fights in the history of the city. In the short campaign of two weeks both the recall committee and Bowles' supporters resorted to the radio, the newspaper advertising pages and bill boards to carry home their pleas.

CHICAGO, July 22.—UP—A suit asking damages of \$250,000 against the Illinois Publishing and Printing company, publishers of the Chicago Herald and Examiner, were filed by attorneys for Robert M. Lee, city editor of the Chicago Tribune today.

The suit is based upon an article published today in the Chicago Herald and Examiner. In the article the Examiner suggests that the grand jury call Lee to testify as to what he knows of the murder of Alfred "Jake" Lingle, reporter of the Chicago Tribune, who was shot and killed in a Michigan avenue subway more than six weeks ago.

The suit was filed in superior court with a demand for a trial by jury.

Francis X. Busch of the law firm of Taylor, Miller, Busch and Boyden, Lee's attorneys, prepared the following statement:

"I have advised Lee that in my opinion the article appearing in today's Herald and Examiner is libelous. The implication is obvious that Mr. Lee knew of and countenanced the alleged criminal activities of Jake Lingle. Lee unqualifiedly brands these insinuations as false and has directed the institution of this suit so as to put the authors of the article upon their proof."

Final Rites Held Here For Mrs. M. Dimock

Mrs. May L. Dimock, prominent Salvation Army worker, was laid to rest at the Sunset View cemetery yesterday after funeral services at the Wilson and Kratzer chapel.

The services were attended by many public officials, educational leaders and church workers of Richmond, together with noted Salvation Army workers.

Rev. A. Alden Pratt, of the First Presbyterian church gave the opening prayer; Brigadier J. A. Koerner of the San Francisco Salvation Army gave a resume of the life of Mrs. Dimock; Mrs. Nellie Silva sang "The New Jerusalem"; Capt. Nadine Grindle, formerly of Richmond, but now of the Vallejo Salvation Army spoke briefly on the exemplary life of Mrs. Dimock; Ensign Ruth McHarg of San Francisco sang a solo and Adjutant and Mrs. Malcolm Keene of Richmond sang a duet, "Saved by Grace."

Adjutant C. W. Currey of Oakland gave the closing prayer.

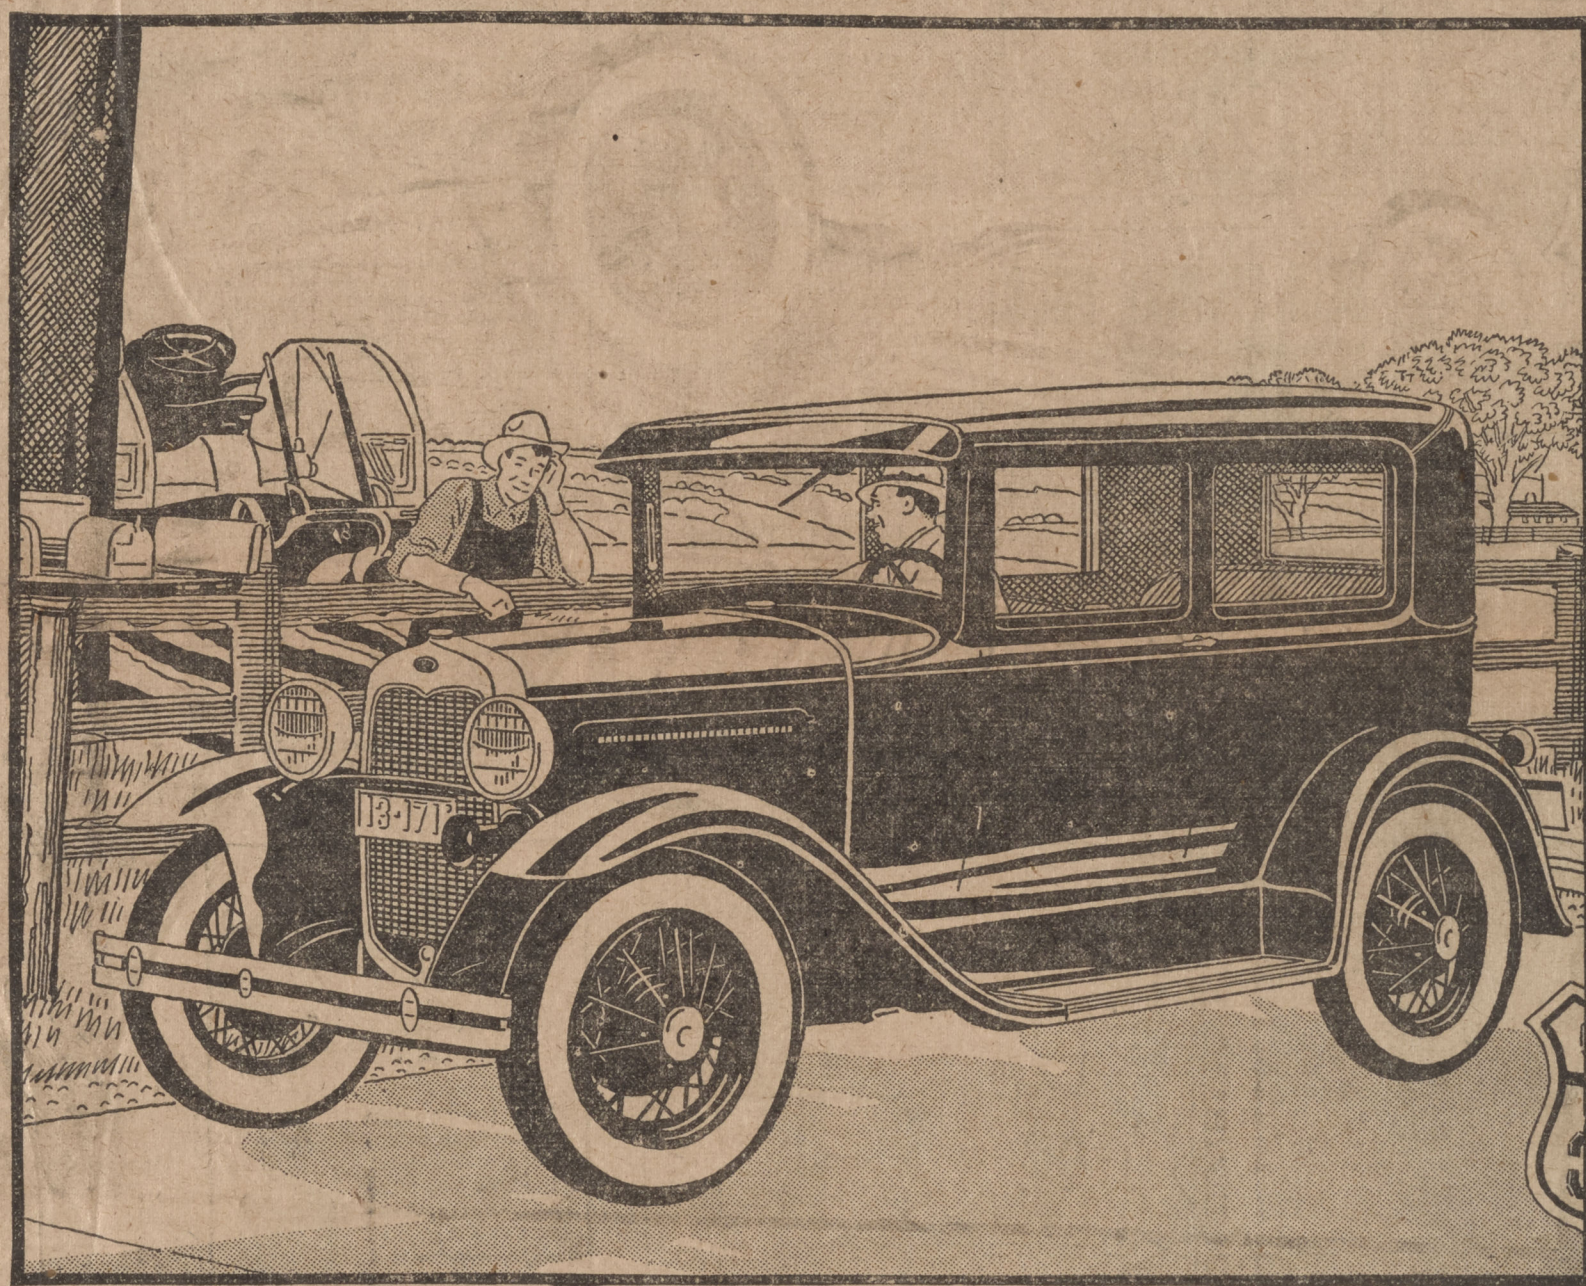

The graveside rites, conducted by the Salvation Army at the Sunset View cemetery were closed with Haps, played by Lieut. Anthony.

Rev. A. A. Pratt, A. H. Poage, T. Wood, C. W. Cook, Jack Wilkins and Captain McHarg served as pall bearers.

Borrowed Cycle Brings Arrest

OAKLAND, July 22.—UP—Leaving his girl friend's home at an early hour today James Curtis, 20, discovered he had no carfare so he decided to "borrow" a motorcycle parked across the street. He was arrested a few blocks away for failure to have his lights on, and later charges of theft were preferred by Elmo Harris, owner of the cycle. Curtis will bring his girl to court tomorrow to establish that he had no intention of stealing the machine.

RELIABILITY ECONOMY GOOD PERFORMANCE

THE NEW FORD TUDOR SEDAN

YOU are buying proved performance when you buy a Ford. You know it has been built for many thousands of miles of satisfactory, economical service.

Letters from users in every part of the world show the value of its sound design, good materials and accuracy in manufacturing. You sense a feeling of sincere pride in the oft-repeated phrase—"Let me tell you what my new Ford did."

Further tribute to the sturdiness, reliability and general all-round performance of the new Ford is shown in the repeated and growing purchases by government bureaus, by police departments, and by large industrial companies which keep careful day-by-day cost records. In most cases, the new Ford has been chosen only after exhaustive tests covering speed and power, safety, comfort, ease of control, oil and gas consumption, low yearly depreciation, and low cost of up-keep.

They have found, as you will find, that the Ford embodies every feature you want or need in a motor car at an unusually low price.
